

## CALEDONIAN WHARF IS CONNECTED TO HYPEROPTIC!

Hyperoptic, the UK's fastest residential internet service, is available at New Caledonian Wharf. As the UK's premiere residential provider of 1Gig speeds, Hyperoptic has installed a fibre broadband service into the development, enabling residents to enjoy speeds that are 68 times faster than the UK average.<sup>1</sup>

Based on your postcode, your average broadband speed is between 1.5-4Meg. With the availability of Hyperoptic, you will be able to enjoy hyper-fast speeds of 20Meg, 100Meg or 1Gig with unlimited downloads.

### **SUBSCRIBE TODAY AND ENJOY HALF PRICE BROADBAND**

Great news, subscribe to our 100Meg or 1Gig service and enjoy hyper-fast speeds HALF PRICE for 12 months, when you subscribe to phone line rental for £12.50 a month. Hurry, as these offers won't be available for long!

To find out more about Hyperoptic, and to subscribe, please visit [www.hyperoptic.com](http://www.hyperoptic.com) or call 0333 332 1111.

□

<sup>1</sup>Average UK speed is 14.7Mbps. Compared to Hyperoptic 1000Mbps (1Gig) service. Information provided by ofcom.org.uk; UK fixed line broadband performance May 2013 □ The performance of fixed-line broadband provided to UK residential consumers. Publication date 7th August 2013.
